

RESTITUTION BY RELIEF 'CHISELERS' SETS NEW RECORD

Investigators Stepping Up
 Campaign Against Fraud,
 Catch Hundreds

REBATES OF \$371,000

Returns In State 50 Per Cent
 Higher Than During
 Year 1946

By Suzanne Flick
 (I. N. S. Staff Correspondent)
 HARRISBURG, Jan. 23.—(INS)—
 The Department of Public Assistance
 reported today 1947 was a
 record year for restitution by relief
 "chiselers."

Investigators, stepping up their
 campaign against fraud, caught
 hundreds of relief recipients not
 legally entitled to aid. Rebates
 totaling \$371,000 were made by
 chiselers able to pay.

John H. Sylvester, chief of claims
 settlement, said the returns were
 50 per cent higher than during 1946
 and much larger than "conscience"
 sums of other years.

Fraud cases, he explained, em-
 braced recipients who either de-
 liberately evaded the scrutiny of
 case workers or who obtained some
 money or property after being en-
 rolled or failed to account for all
 possessions when applying for aid.

Approximately 406,000 persons re-
 ceived relief for varying periods
 during 1947 but the heaviest enroll-
 ment at a given time was 393,900,
 Sylvester said.

The department realized an addi-
 tional \$2,698,900 last year in rebates
 from property-owning enrollees or
 through settlement of estates of de-
 ceased recipients boosting total
 restitution to \$3,070,000.

The aggregate payments failed to
 equal record \$3,191,700 returns of
 1946 when hundreds of people took
 advantage of war-spawned econo-
 mic independence to refund the
 state relief bill for earlier assistance.

Sylvester attributed the drop parti-
 ally to the fear of a recession that
 gripped the country last year.

Most of the settlements were ob-
 tained from aged persons selling
 their property or came from estates,
 according to Sylvester.

"We collect three-fourths of the
 amount given out in aid when es-
 tates are settled, if we can get it,"
 he explained.

"We have liens against property
 held by enrollees and can collect
 from sales of real estate and other
 holdings," he added.

Sylvester said often property pur-
 chasers do not want to settle judg-
 ments immediately to get clear
 titles and in such instances "we let
 the judgement ride along."

He emphasized that the Depart-
 ment seized its share of estates only
 in cases where decedents had no
 children.

In order to obtain aid, applicants
 must pledge property for repay-
 ment.

DOYLESTOWN, Jan. 23.—The
 number of animals received at the
 Bucks County S. P. C. A. shelter
 during 1947 was 3,581, an increase
 of 450 over the previous year.

J. Paul Lloyd, president, an-

 society for Thursday evening, Janu-

 building annex here.

During 1947 the shelter near La-
 haska was repaired and renovated.
 There were 20 burials at the shel-
 ter last year, an increase of nine
 over the previous year. The grave
 markers of animals buried over a
 period of 10 years have been re-
 paired and replaced through the
 efforts of a member of the society,
 assisted by the agent. By the ex-
 penditure of a small amount of
 money each year, the cemetery can
 be kept in good condition.

President Lloyd will submit his
 report at the annual meeting at
 which time the membership will
 have reached the 400-mark, of
 which 65 are already sustaining
 members. The mortgage on the
 shelter has been paid off during
 the past year and the society is
 now without debt.

Fire insurance on the shelter has
 been increased to \$13,000, and
 there has been an increase also
 of casualty insurance and personal
 liability.

During 1948 there will be a
 campaign for new members which
 calls for an expenditure of annual
 dues for \$1; sustaining, \$5; and

WARRINGTON WOMAN IS NAMED DEFENDANT

Suit Involves Counter-Claim
 and The Plaintiff's
 Reply

ACCIDENT IN 1946

WARRINGTON, Jan. 23.—A War-
 rington woman is defendant in an
 action in trespass entered in the
 Court of Common Pleas, the suit in-
 volving a counter-claim and the
 plaintiff's reply.

Claiming damages amounting to
 \$165.53, Emily Suco, 373 Stevens
 Road, Philadelphia, has named Ethel
 D. Hayter, Barnes road, Warring-
 ton, the defendant in an automobile
 damage suit.

The action grows out of an auto-
 mobile collision October 27, 1946,
 when a car operated by George F.
 Suco, Jr., and another driven by
 the defendant, collided at the inter-
 section of County Line road and
 Route 611, south of Nesheim.

In a defendant's counter-claim,
 filed by Ethel Hayter, the plaintiff,
 Mrs. Suco, is being sued for dam-
 ages amounting to \$166.50. The
 Warrington motorist avers that her
 repair bill to her car amounted to
 \$152.80 and that a towing bill
 amounted to \$14.

In a plaintiff's reply to the coun-
 ter-claim, Mrs. Suco denies that
 George Suco, Jr., was operating the
 car or acting or serving as her
 agent or employee at the time of the
 collision.

BAKE SALE

 urday morning at 133 Otter street.

WHERE THE MONEY GOES

The American people are gradually becoming aware of the immense
 cost of the Marshall Plan. The cost will be more than the mere size of
 the appropriation—\$13 billion.

As has already been proven, the Marshall Plan also will mean:
 Soaring prices
 High taxes
 More scarcities

These results are already in evidence. The increased cost to house-
 wives of bread, butter, meat, etc., are simply the result of purchases
 already made by the government of wheat and other grain to meet the
 proposed commitments under the Marshall Plan. The only argument the
 Truman Administration has advanced against the proposal to reduce
 income taxes this year is the added expense of the Marshall Plan. And
 the serious oil shortage on the Eastern seaboard, as everyone knows, is
 largely the result of stockpiling and exporting the oil originally intended
 for heating and industrial use.

What the public does not yet understand about the Marshall Plan
 is where the money is to go. What foreign nations are to get the benefit
 of it? That has been a closely guarded secret. Important as the answer
 is, such advocates of the Marshall Plan as President Truman and Sec-
 retary Marshall himself have been very silent about this phase of the
 program. Nor has Congress yet been able to get the answer to this \$13
 billion question.

MEMORIAL IS PLANNED

The program at the weekly dinner
 meeting of Bristol Exchange Club

 Telford Epply, district secretary of
 the YMCA; and three students from
 Bristol high school, namely, John
 Rosser, William Pearson and War-

One of the presentations by the
 pupils, that of Snyder, included
 mention of a "poll" which has been
 conducted by the YMCA group on
 current problems in Bristol. To

 which the HI-Y groups of the state
 of Pennsylvania will conduct in April.
 There will be nine sectional meet-

 members drafting legislative bills
 in the same manner as the legis-

 be patterned after the legislative
 session in Harrisburg, the set-up
 being identical. Pupils, at that time,
 will go over various proposals,
 adopting bills aimed to improve the
 state government. A boy governor
 will be chosen, likewise all other
 officers after the set-up of the state
 legislature. Governor James H. Duff
 will be in attendance at this "legis-

William Pearson informed of the
 effort of the HI-Y in the local
 school, and of participation of HI-Y
 clubs of the school in world youth

HARRISBURG, Jan. 23.—(INS)—The Department of Public Assistance reported today 1947 was a record year for restitution by relief "chiselers."

Investigators, stepping up their campaign against fraud, caught hundreds of relief recipients not legally entitled to aid. Rebates totaling \$371,000 were made by chiselers able to pay.

John H. Sylvester, chief of claims settlement, said the returns were 50 per cent higher than during 1946 and much larger than "conscience" sums of other years.

Fraud cases, he explained, embraced recipients who either deliberately evaded the scrutiny of case workers or who obtained some money or property after being enrolled or failed to account for all possessions when applying for aid.

Approximately 406,000 persons received relief for varying periods during 1947, but the heaviest enrollment at a given time was 303,000, Sylvester said.

The Department realized an additional \$2,598,900 last year in rebates from property-owning enrollees or through settlement of estates of deceased recipients boosting total restitution to \$3,070,000.

The aggregate payments failed to equal record \$3,191,700 returns of 1946 when hundreds of people took advantage of war-spawned economic independence to refund the state relief till for earlier assistance.

Sylvester attributed the drop partially to the fear of a recession that gripped the country last year.

BUSINESS OF S. P. C. A. SHOWS BIG INCREASE

450 More Animals Received At Shelter in 1947 Than During '46

SHELTER RENOVATED

DOYLESTOWN, Jan. 23.—The number of animals received at the Bucks County S. P. C. A. shelter during 1947 was 3,581, an increase of 450 over the previous year.

J. Paul Lloyd, president, announces the annual meeting of the society for Thursday evening, January 29th, in the administration building annex here.

During 1947 the shelter near La-haska was repaired and renovated. There were 20 burials at the shelter last year, an increase of nine over the previous year. The grave markers of animals buried over a period of 10 years have been repaired and replaced through the efforts of a member of the society, assisted by the agent. By the expenditure of a small amount of money each year, the cemetery can be kept in good condition.

President Lloyd will submit his report at the annual meeting at which time the membership will have reached the 400-mark, of which 65 are already sustaining members. The mortgage on the shelter has been paid off during the past year and the society is now without debt.

Fire insurance on the shelter has been increased to \$13,000, and there has been an increase also of casualty insurance and personal liability.

During 1948 there will be a campaign for new members which calls for an expenditure of annual dues for \$1; sustaining, \$5; and life, \$25.

The society has \$4400 in trust account.

INFORMS OF A POLL CONDUCTED BY HI-Y

3 Pupils of Bristol High and YMCA Dis't Sec'y Speak To Exchange Club

MEMORIAL IS PLANNED

The program at the weekly dinner meeting of Bristol Exchange Club last evening was devoted to work of the Young Men's Christian Association, the guest speakers being Telford Epply, district secretary of the YMCA, and three students from Bristol high school, namely, John Rosser, William Pearson and Warren P. Snyder, Jr.

One of the presentations by the pupils, that of Snyder, included mention of a "poll" which has been conducted by the YMCA group on current problems in Bristol. To date 350 people have been interviewed by members of the Bristol high school HI-Y. This is in connection with a state-wide program.

This student also spoke on development of the model state legislature which the HI-Y groups of the state of Penna. will conduct in April. There will be nine sectional meetings throughout the state, the HI-Y members drafting legislative bills in the same manner as the legislators do. The April convention will be patterned after the legislative session in Harrisburg, the set-up being identical. Pupils at that time, will go over various proposals, adopting bills aimed to improve the state government. A boy governor will be chosen, likewise all other officers after the set-up of the state legislature. Governor James H. Duff will be in attendance at this "legislative session."

William Pearson informed of the effort of the HI-Y in the local school, and of participation of HI-Y clubs of the school in world youth programs. He mentioned that the HI-Y here will erect a permanent memorial plaque honoring those who had attended Bristol high school and who had lost their lives in World War II.

John Rosser's presentation was an account of the HI-Y conference.

"When you've actually experienced shortages then you can really appreciate such conditions and it makes you willing to share with others. This is true in Britain today. Even though the English are on the strictest type of economy they are willing to share with other countries in Europe who have experienced an even stricter economy."

Relating his conversations with many Danish and Swedish people, the Rev. Mr. Ellis said they did not fear the German occupation of their countries, but when the Russians came they were extremely tense and afraid. The Germans were respectful of the rights of others, they acted as gentlemen, and the Danes and Swedes were unafraid, but when the Russians came they knew these men had no religion, no God, no morals, and were ruthless and illiterate.

Guests were present at the meeting from Philadelphia, Connecticut, Bensalem, Morrisville, Jenkintown and Bordentown. President E. Keller Fox presided.

Stubborn Blaze Keeps Firemen Busy 3 Hours

CHALFONT, Jan. 23—A stubborn fire kept firemen from three companies busy for three hours at the home of Richard F. Lusse, here, Tuesday evening. Chalfont, Line Lexington and Colmar companies responded to the alarm. Estimated loss is \$1500.

Mr. Lusse is in Florida, and residing at the home are John Friedle and Frank Murphy, associated with Mr. Lusse in operation of concessions at the recreation center, and Margaret Friedle, six years old, a relative of Mr. Friedle.

The girl discovered the fire, shortly after 7 o'clock, and Murphy sent in an alarm. The Colmar Fire Company was contacted, and Chief Frank Spears of that organization notified Chief Peter Darde, of the Line Lexington volunteers, of the fire.

While the Colmar and Line Lexington firemen were responding to

the alarm, an unidentified Chalfont resident noticed the smoke and fire and called the Chalfont company. The Chalfont firemen arrived at the scene first, and worked with the other two companies in an effort to prevent the spread of the flames to the major portion of the home, and adjoining structures.

Chief Robert Graham, Chalfont, said the fire originated in the bathroom, and spread to the frame addition. He said the cause has not yet been ascertained, but indicated that a spark from a plumber's torch, that had been used late in the afternoon to thaw out frozen water pipes, might have been responsible.

The firemen were forced to stay at the home for several hours due to flames under the roof. They were hampered considerably by smoke, but had an adequate supply of water.

Chief Graham issued a statement today to residents of Chalfont and vicinity in which he pointed out that persons seeking the services of the fire company in times of emer-

gencies should telephone Line Lexington 271 or 398, instead of asking the operator to "call the firemen."

He emphasized that "considerable time is lost, and expense incurred by neighboring firemen" when calls

are not made directly to the fire company nearest the scene of the blaze.

The girl discovered the fire, shortly after 7 o'clock, and Murphy sent in an alarm. The Colmar Fire Company was contacted, and Chief Frank Spears of that organization notified Chief Peter Darde, of the Line Lexington volunteers, of the fire.

While the Colmar and Line Lexington firemen were responding to

the alarm, an unidentified Chalfont resident noticed the smoke and fire and called the Chalfont company. The Chalfont firemen arrived at the scene first, and worked with the other two companies in an effort to prevent the spread of the flames to the major portion of the home, and adjoining structures.

Chief Robert Graham, Chalfont, said the fire originated in the bathroom, and spread to the frame addition. He said the cause has not yet been ascertained, but indicated that a spark from a plumber's torch, that had been used late in the afternoon to thaw out frozen water pipes, might have been responsible.

The firemen were forced to stay at the home for several hours due to flames under the roof. They were hampered considerably by smoke, but had an adequate supply of water.

Chief Graham issued a statement today to residents of Chalfont and vicinity in which he pointed out that persons seeking the services of the fire company in times of emer-

gencies should telephone Line Lexington 271 or 398, instead of asking the operator to "call the firemen."

He emphasized that "considerable time is lost, and expense incurred by neighboring firemen" when calls

are not made directly to the fire company nearest the scene of the blaze.

WORST CHILD ALWAYS HAS SOME GOOD ALSO

So Declares Miss Gertrude
Bright, Bucks County
Probation Officer

AT BUCKINGHAM

BUCKINGHAM, Jan. 23—Miss L. Gertrude Bright, Bucks county probation officer, in addressing Buckingham Parent-Teacher Association, here, on Tuesday evening, reminded that: "Regardless of what bad may be in a child, there is bound to be some good, and it is entitled to a good home and care."

During the war, said Miss Bright, the employment of both parents gave the children more leeway and provided them with more money with the result that there was instability in the home and the children had to depend upon themselves.

Speaking of placing children in foster homes, Miss Bright said that no matter how bad the parental home, there is often something in it that the foster home is unable to furnish.

Children, it was said, are different and all should be required to have some responsibility. Miss Bright highly praised the schools for what they have done in the way of reducing juvenile delinquency.

Members were told by Miss Bright of the care given children in foster homes. They are given medical care, visited monthly and provided clothing twice a year.

During the business session in charge of James Hilliard, the president, Edward Ziegler told of the foot examinations in the Doylestown schools, and suggested a similar project might be adopted here. A report of the Buckingham Boy Scouts, sponsored by the association, was given by Scoutmaster Samuel Leaver.

Protection of children to and

from school, particularly between the intersection in the heart of the village and the school, was considered, and a committee will be appointed to confer with the proper authorities to see what can be done in giving the children better protection along York road.

Mrs. James Taylor was appointed to represent the association at an executive board meeting of the county council at the home of the council president, Mrs. Alvin R. Pratt, Morrisville, on Thursday, February 5th.

The next meeting of the association will be held on February 10th, when a founders' day program will be furnished by the teachers under the leadership of Mrs. Emily Davis, of the high school faculty.

SPORTSMEN'S

BRIEFS

BY JOE ELBERSON

Edgely activities . . . for the next several days the Edgely Rod & Gun Club holds the limelight with two sportsmen's projects of interest to all sportsmen. The first is a blue rock and white flyer shoot which will be held over the club trap this Sunday, January 25th. The shoot will get underway at one in the afternoon.

The second event is the annual meeting of the Edgely club which will be held next Tuesday at 8 p. m. in the Headley Manor Fire House. In addition to election of officers for 1948 a well-rounded out entertainment program has been arranged. All shooters are welcome to participate in the matches on Sunday, and all interested sportsmen are invited to attend the meeting next Tuesday evening.

Sportsmen's show . . . the Philadelphia Motorboat and Sportsmen's Show will be held in Convention Hall, Philadelphia, from February 27th to March 6th, Sunday excepted. The show will begin at one every afternoon and continue until 11 p. m.

Some of the features listed for the show include: Canoe Tilt; Sharkey the Trained Seal; Retrieving Dogs; Log Rolling; and Fly Casting.

Figures . . . in 1946 (latest year for which figures are available) there was a total of 266 hunting accidents in Pennsylvania, according to the Pennsylvania Game Commission. Of this total 29 were fatal, and the remaining 337 were non-fatal.

There was one fatal accident for every 29,318 licenses issued, and one non-fatal accident for every 2,523 licenses. A total of 850,234 hunting licenses were issued in 1946.

In the 10 year period from 1936 to 1946 there has been a total of 344 fatal accidents and 3027 non-fatal accidents. The year 1938 was high in both fatal and non-fatal classifications, with 59 and 438, respectively. The low was established in 1936 when there were 23 fatal accidents reported, and 159 non-fatal incidents.

In 1946 approximately 80 per cent of the accidents were inflicted by others, while 59 per cent of the victims were under 21 years of age. Eighty-six per cent of the accidents occurred while hunting small game and shotguns were involved in 80 per cent of the total accidents for that year. Main cause was listed as, "did not see victim in line of fire."

Thirty per cent of the accidents occurred in the brush, and 70 per cent of them happened on clear days.

Good advice . . . from the January, 1948 issue of the "Pennsylvania Angler," official magazine of the Pennsylvania Game Commission, comes this suggestion on the care of a fishing reel:

"Don't fluster with a casting reel just for the sake of exploring its innards. Keep it oiled and clean, and if major trouble develops take it to an experienced man for repair or adjustment."

Pleasant thought . . . just eight more weeks 'til Spring, and after that, less than four weeks to the opening of trout season!

WARRIORS LOSE TO BROWN PREP BY SCORE OF 52-31

Bristol was invaded by a gang of sharpshooters from Brown Prep, of Philadelphia, last night and as the result the Bristol Warriors' winning streak of five straight was shattered. Final score was: Brown Prep, 52; Bristol High, 31.

The visiting team, now possessors of a streak of nine straight games, was one of the best teams in years to pay a visit to the local court. It had a line-up of six-footers and one of the players, "Jim" Wiggins, formerly a Jersey All-Stater, was six foot, five inches tall, while the center, George Dempsey, stood at six foot, three inches.

The Warriors played hard against the preppers but it was a useless task as the Brown Prep team had possession of the ball on the rebounds. Coach Bloom's lads made a fine showing against the visitors but were not in the same class.

Only "Johnny" Pindar, brilliant Bristol forward, maintained his average in scoring as he shook the nets for 17 points on seven field goals and three fouls. "Jim" Scottille, the other half of the scoring combination, was held to 10 points although many of "Jim's" shots rolled around the rims and bounced out instead of going in.

Leader of the Prep School in scoring was "Charlie" Bellack, former Southern High School player, who ripped the cords for five field goals and three out of three fouls. Bellack only played the first and part of the final quarter. The former Southern High star will enter Temple University next month.

"Jack" Booras, who captained Allentown Catholic High last season, scored 11 points for the visiting

team while Joe Gallagher, St. Thomas Moore alumnus, and Joe Brancato, brother of "Al" Brancato who had a try-out with the A's in baseball, played a fine guarding game.
